ACKNOWLEDGEMENTS

This publication summarizes basic information concerning Florida's dairy industry. It is intended for the use of dairymen, allied industries, and all others who are interested in dairy statistics.

This report is published by the Florida Crop and Livestock Reporting Service, a cooperative agency of the Statistical Reporting Service, U.S.D.A.; Florida Department of Agriculture; and Florida Agricultural Experiment Station. Production and inventory data are official State and USDA statistics prepared by the Florida Crop and Livestock Reporting Service.

Many dairy producers, marketing agencies, Federal Order Market Administrator, and others voluntarily supplied basic data used to develop these statistics. Their cooperation is sincerely appreciated.

This Report was assembled under the direction of Maurice Hammer and Jack D. Shaw, Florida Crop and Livestock Reporting Service.
