

LIVESTOCK, DAIRY, AND POULTRY PRICE

The livestock and dairy price statistics included in these tables are based on reports from farmers, auction markets, livestock buyers, meat and poultry processing plants, Market News Service, produce houses, egg handlers and dealers, marketing cooperatives, dairy plants, and other firms doing business with farmers. The marketing year for livestock, dairy, and poultry items is a calendar year, except for hogs, chickens, and eggs, which are on a December-November basis.

The 2003 Minnesota annual average prices for meat animals were higher than 2002. Beef cattle were up \$13.40 per hundredweight and steers and heifers were up \$17.10. Cows increased \$8.10 and calves were up \$9.20. All hogs and barrows and gilts both increased \$3.80 while sows were up \$4.60. Sheep were up \$5.20 and lambs were up \$18.20. All milk was \$12.80 while grade A fluid milk was \$12.90 and manufacturing milk was \$11.40 per 100 pounds. Milk cows for dairy herd replacement were down \$210.00 per head. Turkeys were 35 cents per pound, down 1 cent from the previous year and table market eggs at 56 cents per dozen were up 19 cents.
