*Statistics & National Rankings*

## 2010

United States Department of Agriculture  
National Agricultural Statistics Service  
New Jersey Field Office  
Cooperating with New Jersey Department of Agriculture

Released: February, 2011

Farmers in the Garden State produced a wide variety of nutritious fruits and vegetables for consumers to enjoy. New Jersey is one of the top ten producers in the nation of many fruits and vegetables. These commodities, either fresh or processed, are consumed throughout the world.

This publication is the result of a joint federal-state cooperative agreement between USDA's National Agriculture Statistics Service – New Jersey Field Office (NJFO) and the New Jersey Department of Agriculture. NJFO is the primary source of statistical data relating to agriculture production in New Jersey.

The four fruit crops in the NJFO estimating program are apples, blueberries, cranberries, and peaches. The fruit crops ranked in this publication are part of the federal agricultural estimation program. United States totals throughout this publication reflect only those states included in the federal program.

The NJFO estimates 18 fresh market vegetable crops: asparagus, cabbage, collards, cucumbers, eggplant, escarole and endive, kale, all lettuce, bell peppers, pumpkins, snap beans, spinach, summer squash, winter squash, sweet corn, and tomatoes. Starting from 2009, parsley and herbs were added to the annual estimate program. In this publication, only the vegetable crops in the federal agricultural estimation program are ranked in this publication. United States totals reflect only those states included in the federal estimation program.

Sincerely,

A handwritten signature in cursive script that reads "Troy M. Joshua".

## 2010 New Jersey Fruit Summary

Fruit Crops	Bearing/ Harvested	Yield per Acre <sup>1</sup>	Production <sup>2</sup>		Season Average Price	Value of Utilized Production	
			Total	Utilized		Total <sup>3</sup>	Per Acre
	-acres-	-lbs-	- 1,000 lbs -		- \$/lb -	-\$1,000-	- \$ -
<b>Apples</b>	2,000	21,500	43,000	42,000	0.480	20,180 <sup>5</sup>	10,090
<b>Blueberries</b>	7,500	6,530	49,000	49,000	1.280	62,510	8,335
<b>Cranberries</b>	3,100	18,130	56,200	56,200	0.572 <sup>4</sup>	32,146 <sup>5</sup>	10,370
<b>Peaches</b>	6,100	11,800	72,000	68,000	0.460	31,280	5,128

<sup>1</sup> Yield per acre is based on total production, except for blueberries, which is based on utilized production.

<sup>2</sup> Difference between total production and that having utilized value is economic abandonment and/or excess cullage of mature fruit.

<sup>3</sup> Total value of production for fruit is based on utilized production only.

<sup>4</sup> Cranberry price is a weighted average of co-op and independent sales, fresh and processed. Co-op prices represent pool proceeds less returns for processing non-cranberry products, capital stock retains and other retains. A barrel weighs 100 pounds.

<sup>5</sup> Preliminary.

## 2010 New Jersey Vegetable Summary<sup>1</sup>

Vegetable Crops	Area Harvested	Yield per Acre	Production	Season Average Price	Value of Production	
					Total	Per Acre
<b>Vegetables for Fresh Market</b>	- acres -	- cwt -	- 1,000 cwt -	- \$/cwt -	- \$1,000 -	- \$ -
Asparagus <sup>2</sup>	900	42	38	131.70	5,005	5,561

# Agricultural Statistics & Other Information from NASS

*National reports are the most timely source of statistics  
However, state reports may have more local information*

NASS national & state reports and data are available on the worldwide Internet.

**National Homepage:** [www.nass.usda.gov/](http://www.nass.usda.gov/)

The national homepage has links to all agency products and services such as publications, graphics, historic data, state information, statistical research, Census of Agriculture, a search engine and a Published Estimates Data Base to query and download state or county historic data. There are also links to our Customer Service unit, a Kids Page, and all other federal statistics outside the National Agricultural Statistics Service.

For a monthly summary of USDA estimates, forecasts, and projections of commodities, prices, trade issues, and world crop developments, see: [www.nass.usda.gov/Publications/index.asp](http://www.nass.usda.gov/Publications/index.asp)

**New Jersey Homepage:** [www.nass.usda.gov/nj](http://www.nass.usda.gov/nj)

The New Jersey site offers much of the same information as the national homepage but in a format designed for New Jersey customers. The reports contain the same statistics but offer more details about agriculture in the New Jersey region. There are also state-funded reports that are not available on the national website, such as the Jersey Fresh Fruit and Vegetable release. Links are also available to other sites such as the New Jersey Department of Agriculture and other NASS field offices.

## ***E-Mail Subscriptions . . . .***

Free e-mail subscriptions are available via automated mailing lists for national & state reports. You can subscribe to individual reports and they will be sent directly to your e-mail address soon after the official release time.

### **To Subscribe to National Reports via Internet:**

National reports contain statistics from all states and are the most timely source of data.

For more information, see: [www.nass.usda.gov/Publications/index.asp](http://www.nass.usda.gov/Publications/index.asp)

### **To Subscribe to National and State Reports via E-mail:**

Start at the NASS home page at [www.nass.usda.gov](http://www.nass.usda.gov). Under the section I Want To .... go down to **Receive reports by E-mail** and click on the link for National or State. For National reports, the link will take you to E-Mail Delivery of Reports, where you then click on the link Go to the subscription page and follow the instructions. For State reports, click on the State link and follow the instructions.

### **To Subscribe to State Reports via Internet:**

State reports are distributed after national reports but they usually contain more local information.

To learn more about this service, see: [www.nass.usda.gov/Publications/Subscribe\\_to\\_State\\_Reports/index.asp](http://www.nass.usda.gov/Publications/Subscribe_to_State_Reports/index.asp)

## ***Printed Reports & Computer Format . . . .***

All NASS reports are still printed on paper. Census reports are only available while supplies last; contact the New Jersey office for a copy. NASS also offers a wide variety of data on diskettes or CD-ROM with national, state, and county statistics. Most of these products are in Excel spreadsheet format or comma separated (CSV) files. A listing of all paper reports and computer products can be found in the Guide to Products & Services catalog issued every December.

*To order a free Guide to Products & Services catalog or purchase paper reports, diskettes or CD-ROMs with national, state, and county statistics, call the order desk at: 1-800-999-6779*
