Dear Fruit Grower:

Every five years the New York Agricultural Statistics Service conducts a comprehensive survey for the benefit of growers and others in the fruit industry to update the acreage and varieties on commercial orchards in New York.

Response to this survey is voluntary and not required by law. However, your cooperation is very important to the accuracy of the report.

Please help reduce costs by reporting promptly. All questionnaires are kept confidential and used only to derive totals.

Thank you for your cooperation.

Robert E. Schooley
State Statistician

Please make corrections in name, address, and zip code, if necessary

GUIDANCE FOR COMPLETING REPORT

1. Report for the total acres of apples you operate in New York. Include land you own as well as land you rent. Exclude land rented to others. Exclude acreage operated in another state.
2. List acreages by variety and tree type according to year planted. A separate line is required for each variety.
3. Specify the county where trees are located. If apples are grown in more than one county, a separate questionnaire must be completed for each county. Call 1-800-821-1276 for another questionnaire.
4. If you do not grow fruit, write a note to that effect and return the questionnaire.
5. If your orchard is rented and operated by others, please write their name(s) and address(es) on the questionnaire and return it to us.
6. This survey is a complete census so we will need a response from every grower. If you are unable to complete the questionnaire by mail, a telephone enumerator or a member of our field staff will assist you.
7. Trees per acre:
Standard - less than 100
Semi-Dwarf - 100-349
Dwarf - 350+
8. If you need assistance or have any questions please call Robin Gannon or Bill Blackson at 1-800-821-1276.

GUIDANCE FOR COMPLETING REPORT

1. Report for the total acres of grapes you operate in New York. **Include** land you own as well as land you rent. **Exclude** land rented to others. **Exclude** acres and production originating in another state.
2. List acreages by variety according to rootstock and county. A separate line is required for each variety and rootstock.
3. Specify the county where vines are located or where production originated.
4. If you grow tree fruits but no grapes, please complete page 4 of the questionnaire and return it to us.
5. If you do not grow grapes or other fruits, write a note to that effect and return the questionnaire.
6. If your vineyard or orchard is rented and operated by others, please write their name(s) and address(es) on the questionnaire and return it to us.
7. This survey is a complete census so we will need a response from every grower. If you are unable to complete the questionnaire by mail, a telephone enumerator or a member of our field staff will assist you.
8. If you need assistance or have any questions please call Robin Gannon or Bill Blackson at 1-800-821-1276.
