

Mushrooms

By Tenopra M. Shepphard

Pennsylvania growers produced 496.6 million pounds of Agaricus mushrooms during the 2006-2007 season. The Agaricus crop was valued at 442.3 million dollars, up 17 percent from the previous season.

Pennsylvania accounted for 61 percent of U.S. production of Agaricus mushrooms, the conventional button variety responsible for most of the nation's sales. The state's growers supplied 60 percent of the nation's fresh market sales and 79 percent of the mushrooms used in processing. This compares with last season's sales of 55 and 79 percent, respectively.

Fresh market sales accounted for 404 million pounds, up 3 percent from 2005-06. Processing sales, at 93 million pounds, were down 8 percent from last year.

During the 2006-2007 season, Pennsylvania growers received an average of 96.0 cents per pound for fresh market sales and 59.0 cents per pound for sales to processors. Prices for mushrooms are the average prices producers received at the point of first sale.

Statistics on specialty mushrooms grown in Pennsylvania are not published separately to avoid disclosure of individual operations. The data are included as part of the national statistics on specialty mushrooms.

Pennsylvania & U.S.: Agaricus Mushroom Sales By Type and Percent of Total, July 1-June 30, 1998-2007

Other	28	1,418	1,371	4.75	6,560
United States ⁶	179	13,241	12,817	3.16	40,438

¹ Specialty mushroom estimates represent growers who have at least 200 natural wood logs in production or commercial indoor growing areas. ² Growers counted only once for US total if growing more than one specialty type mushroom. Growers growing Agaricus and Specialty are included. ³ Total production includes all fresh market and processing sales plus amount harvested but not sold (shrinkage, cullage, dumped, etc.). ⁴ Virtually all specialty mushroom sales are for fresh market. ⁵ Prices for mushrooms are the average prices producers receive at the point of first sale, commonly referred to as the average price as sold. For example, if in a given State, part of the fresh mushrooms are sold F.O.B. packed by growers, part are sold bulk to brokers or repackers, and some are sold retail at roadside stands, the mushroom average price as sold is a weighted average of the average price for each method of sale. ⁶ AR, CA, CT, DE, FL, HI, IL, IN, KS, KY, ME, MA, MI, MN, MO, MT, NY, NC, OH, OR, PA, SC, TN, TX, VT, VA, WA, WV, and WI.
