For the second year in a row, the USDA-NASS Texas Field Office conducted a Wheat Variety Survey in cooperation with the [Texas AgriLife Extension Service](#), the [Texas Wheat Producers Board](#), [Texas Foundation Seed Service](#) and [Texas Seed Trade Association](#). Approximately 3,500 Texas wheat producers from all wheat growing regions of the state were included in the survey.

Included in the tables below are the most commonly reported varieties in the state and in Texas AgriLife Extensions Service Districts. Less common varieties are included in the “Other or unknown varieties” category at the bottom of each table. For certain districts, not enough positive reports were received to publish a statistically defensible estimate. Reports from those districts are included in the state table but no separate district table is published.

There are three columns in each table showing, for each variety: (1) the percent of positive reports the variety represented, (2) the percent of acres planted to that variety out of the total reported wheat acres planted and (3) the percent of acres of that variety harvested out of the total reported wheat acres harvested. The final column represents the average reported yield reported for each variety.

State of Texas					
Rank ¹	Variety	Percent of:			Average Yield (Bushels per Acre)
		Reports	Planted Acres	Harvested Acres	
1	TAM 111	11%	15%	16%	34.4
2	TAM 112	6%	7%	9%	32.2
3	Coronado	6%	6%	8%	37.1
4	Jagger	4%	6%	6%	28.2
5	Weathermaster 135	6%	5%	3%	24.3
6	Fannin	7%	4%	5%	39.2
7	Cutter	3%	4%	5%	30.5
8	TAM 105	3%	4%	4%	24.8
9	Russian Beardless	5%	3%	1%	24.3
10	TAM 110	3%	3%	3%	26.6
11	Jagalene	3%	3%	3%	34.3
12	Doans	2%	3%	3%	27.9
13	Longhorn	2%	2%	1%	33.3
14	Dumas	1%	2%	3%	30.2
15	2158	1%	2%	2%	31.9
16	Jackpot	2%	2%	2%	35.6
17	Endurance	1%	1%	2%	36.7
18	HG-9	1%	1%	1%	24.0
19	Custer	1%	1%	1%	23.7
20	Sturdy 2K	1%	1%	1%	36.9
21	TAM W-101	1%	1%	1%	28.4
	Other or unknown varieties	31%	22%	19%	

¹ Rank is based on the percent of all reported acres planted to the specific variety.

Panhandle					
Rank ¹	Variety	Percent of:			Average Yield (Bushels per Acre)
		Reports	Planted Acres	Harvested Acres	
1	TAM 111	23%	26%	26%	35.0
2	TAM 112	15%	17%	18%	33.3
3	Jagger	8%	8%	7%	32.4
4	TAM 110	5%	6%	5%	27.5
5	TAM 105	4%	5%	5%	21.9
6	Longhorn	4%	5%	4%	33.9
7	Cutter	4%	5%	6%	33.6
8	Dumas	3%	4%	5%	30.1
9	Jagalene	5%	3%	4%	33.5
10	Endurance	2%	2%	3%	33.7
	Other or unknown varieties	28%	19%	17%	

South Plains					
Rank ¹	Variety	Percent of:			Average Yield (Bushels per Acre)
		Reports	Planted Acres	Harvested Acres	
1	TAM 111	26%	31%	38%	34.4
2	Weathermaster 135	9%	10%	4%	20.7
3	TAM 105	8%	10%	11%	26.8
4	TAM 110	5%	6%	6%	29.5
5	Russian Beardless	7%	5%	1%	12.2
6	TAM 112	8%	5%	6%	32.2
7	Cutter	4%	5%	6%	31.2
