* Supervisors	

The NASS Enumerator Staff is employed by the National Association of State Departments of Agriculture (NASDA). We at the Washington Agriculture Statistics Service thank each and every one of these enumerators for their loyal dedication and hard work. This invaluable part time staff collects data through personal interviews and telephone calls to the farmers, ranchers, and agribusinesses of Washington, enabling us to accomplish the NASS mission:

*"To provide timely, accurate, and useful statistics
in service to United States agriculture."*
