¹ No estimates for 1931-1936. ² Excludes both wrinkled seed peas and Austrian Winter Peas. ³ Peppermint only before 1959. ⁴ All carrots from 1929 to 1971 were acreage, yield and production. Processing production only from 1971-1992. Processed only from 1972-1992. Processed acres and yield from 1993 on. ⁵ Estimates discontinued from 1982-1984. ⁶ Official estimates - 1934-1971. Utilized production only - 1972-1996. Total production - 1997 to present. ⁷ Farm chickens and hog and pig inventory is on December 1. * In some cases, the record high and/or low is identical for more than one year. In such cases, the year shown is the latest year of occurrence.
