PRODUCTION EXPENDITURES UP 3.9 PERCENT IN 2001

U.S. farm production expenditures totaled \$197.0 billion in 2001, up 3.9 percent from the revised 2000 total of \$189.6 billion. The largest contributors to the increase were tractors and self-propelled machinery up 13.0 percent; seeds and plants up 10.7 percent; labor up 6.3 percent and farm services up 5.1 percent. These increases more than offset a 7.1 percent decrease in farm improvements and construction. The largest two expenditure categories were farm services, which accounted for 13.6 percent of the U.S. total production expenses, and feed, which accounted for 12.8 percent of the U.S. total. The farm services category includes expense items such as custom work, utilities, marketing charges, veterinary services, transportation costs, and miscellaneous business expenses.

The average expenditures per U.S. farm in 2001 were \$91,547, compared to \$87,543 as revised for 2000. On the average, U.S. farm operations in 2001 spent \$12,408 on farm services; \$11,711 on feed; \$10,224 on labor; \$8,783 on livestock and poultry purchases; and \$7,807 on rent. Revised estimates for 2000 indicated that U.S. farms spent an average of \$11,728 on farm services; \$11,312 on feed; \$9,558 on labor; \$8,311 on livestock and poultry purchases; and \$7,434 on rent.

The Farm Production Region contributing most to the total 2001 U.S. farm production expenditures was the Corn Belt with expenses of \$36.6 billion, 18.6 percent of the U.S. total. Expenditures in the Corn Belt were up 3.2 percent from the 2000 level of \$35.4 billion. In total expenditures, the Corn Belt was followed by the Pacific Region at \$33.9 billion (2000 - \$31.7 billion); Northern Plains at \$26.4 billion (2000 - \$24.3 billion); Lake States at \$20.4 billion (2000 - \$19.5 billion); and the Southern Plains at \$16.5 billion (2000 - \$16.1 billion).

APPALACHIAN REGION

Farm production expenditures for 2001 totaled \$13.9 billion for Kentucky, North Carolina, Tennessee, Virginia, and West Virginia. This was down 1 percent from 2000. The Appalachian Region accounted for 7.0 percent of the U.S. total expenditures. The five largest expense items for the Appalachian Region were feed, farm services, livestock, poultry and related expenses, labor and farm supplies and repairs. These five items accounted for 57 percent of total expenditures for 2001. The item that saw the largest increase from 2000 was farm improvements and construction that increased 10 percent.
