

INSTRUCTIONS

Please report only for acreage of fruit you operate: **Include** land rented from others. **Exclude** land rented to others.

If you participated in the 1997 Fruit Survey, you will find enclosed a printout of the blocks you reported in 1997. Space has been left on these printouts for you to update the information. Check all "other" varieties on the block record and update them. Your updated copy of the 1997 printout should be returned with this questionnaire in which you should report on new blocks acquired or planted since 1997. If it is easier, you may use the printout as a reference only and list all of your blocks in this questionnaire. All of your fruit blocks must be accounted for between the updated printout and the questionnaire.

If you did not receive a printout from the 1997 survey, complete a line in the questionnaire for each block in your operation. Use the name or number that you use to identify each block. Each block should have its own distinctive name or number. List the county, township and section where the block is located. Include all bearing and non-bearing blocks. **Exclude** abandoned blocks.

Enter the appropriate variety and rootstock codes on the lines and complete the remaining cells for each variety in the block. Round acreage to the nearest tenth of an acre. To separate blocks, draw a line across the hash marks. **See examples below.** If you need space for additional blocks, continue on the extra pages provided in the questionnaire.

It is important that we receive a response from all growers. If you are not able to complete and return the questionnaire by mail, a representative of our office will contact and assist you. If there are any questions or if you need assistance in completing this inquiry, call our office at (800) 453-7501.
