

INTERNET ACCESS

FREE INTERNET SUBSCRIPTIONS

NASS National & State reports, data, agricultural graphics, and Agency information are available **free** on the Internet. From the NASS Home Page there are 14 areas that can be accessed for additional information. "Today's Reports" is one of the most popular areas because it contains the reports released for that day as well as the previous work day. National reports are generally available within 5 minutes after the release time by accessing the NASS home page at:

<http://www.usda.gov/nass>

Similar information, spotlighting Oklahoma, is available on the Oklahoma Agricultural Statistics Services home page address at:

<http://www.nass.usda.gov/ok>

For free electronic subscriptions, use the following method to subscribe to either NASS National or State office reports:

A. For subscriptions to NASS National reports:

1. Log onto the following Internet web site: <http://www.usda.gov/nass>
2. At this location, click on "Publications" under Statistical Information.
3. Click on "Subscribe E-mail National" button.
4. Click on the link that says "Go to the subscription page".
5. Follow the instructions that appear on the screen.

B. For subscriptions to individual State Office reports, including Oklahoma:

1. Repeat steps 1 and 2 above.
2. Click on "Subscribe Email State" button.
3. Follow the instructions that appear on the screen. There is a list of all reports available from the various states. Reports from Oklahoma that are available via this subscription process are:
 - a. OKLAHOMA CROP WEATHER
 - b. OKLAHOMA FARM STATISTICS
 - c. OKLAHOMA PRESS RELEASES
 - d. OKLAHOMA ALL REPORTS

QUICK STATS ON LINE DATA BASE

One of NASS's on line features is a data base called "Quick Stats." This data base is available free of charge to all users. It contains historic estimates for all major crop and livestock items. More new items are continually being added. This data is available both at the U.S., State and county level. Most of the data goes back as far as the data series has been in existence. There is a download feature that allows you to download the data to be used in your own data base or spreadsheet.

To access the NASS Quick Stats:

1. Log onto the following Internet web site: <http://www.usda.gov/nass>
2. At this location, click on "Quick Stats"
3. From this screen select "U.S. and State Data" or select one of the "County Data" options. Once you have made a selection, you can select whatever commodity, years, and state(s) that you want. From the U.S. or State option, you can only select one commodity at a time. From the county option, you can select either all counties or selected counties within a state. From either of these county options, you can select multiple commodities.
4. Click on the "Submit" button and the first 100 rows of data will appear on the screen. If you have more than 100 rows, you can download the data by clicking on the "Download data" button at the bottom of the table. From any of the county options, you will select the type of output that you want and the data will be output according to your selections. The county options will show up to 300 rows on the screen.
