
Electronic Dissemination of Data from NASS

NASS has a homepage on the World Wide Web that provides easy access to the broad range of information and data produced. Through the homepage, you can obtain copies of all reports produced by NASS and have access to many other options.

NASS Homepage –
<http://www.nass.usda.gov>

Oklahoma Homepage –
<http://www.nass.usda.gov/ok>

Through a cooperative agreement with Cornell University, the Albert R. Mann Library distributes NASS Economic Research Service (ERS), and World Agricultural Outlook Board (WAOB) periodicals and data files via the USDA Economics and Statistics System on a web serve. Over 400 reports annually are available free of charge. All NASS reports and WAOB's World Agricultural Supply and Demand Estimates (WASDE) are available electronically within minutes of release.

A calendar of scheduled releases is available from the NASS Homepage by clicking on **Publications**. At the next screen is the Reports Calendar where you can choose month.

Agricultural Statistics Data Base (Quick Stats)

U.S. and State information, published in NASS national reports, is available through an online database via the Internet **FREE OF CHARGE**. The database allows custom extracts based on commodity, year, State and other selection criteria and produces an output file compatible for updating databases and spreadsheets for selected commodities. The database can be accessed from the NASS homepage at: <http://www.nass.usda.gov>. The basic options are in the middle of the screen on the homepage. Clicking on the second "more" button will take you to the main menu for Quick Stats. From there you can retrieve State or County level data. The 2002 Census of Agriculture is also available.

County level data are also available via Quick Stats. The data include the total crops for each county and breakouts for irrigated and non-irrigated practices for many crops, for selected States. The database allows custom extracts based on commodity, year, selected counties within a State, or all counties in one or more States. The county data include totals for the Agricultural Statistics Districts (county groupings) and the State. The download data files contain planted and harvested area, yield per acre, and production. Livestock county data is also available for selected States.

Free E-Mail Subscriptions to NASS Reports

It is now possible to receive a NASS report within minutes of its release throughout the year. To arrange for any USDA-NASS reports to be sent free of charge to your e-mail, follow these easy steps:

1. Go to www.nass.usda.gov
2. Select "**Publications**" from the top menu bar
3. Select either "National" or "State" under the "Receive reports by Email" heading, from the "Syndication Box" on the right hand side
4. Follow instructions to complete the process.

The four report options available in Oklahoma are:

Oklahoma Crop Weather; Oklahoma Farm Statistics; Oklahoma Press Releases and Oklahoma All Reports.

You may "unsubscribe" at any time by going to the **Subscription Page** and un-checking the reports you wish to discontinue.
