

APPLE COUNTY ESTIMATES, 2001

County	Bearing Acres	Utilized Yield 1/ Pounds	Total Production Thou. Lbs.	Utilized Production 2/ Thou. Lbs.
Oconee	710	1,400	994	672
Spartanburg	610	6,800	4,148	496
Other Counties	280	4,100	858	832
State	1,600	3,750	6,000	2,000

1/ Yield is calculated by dividing total production by total production by total bearing acres with the published estimate rounded according to agency rounding rules. 2/ Utilized production by county is based on ratio of State utilized production to State total production.
