Acreage beginning with 1964 refer to pastureland and rangeland, other than cropland and woodland pastured, on farms with sales of agricultural products of \$2,500 and over. 4/ Beginning with 1974, agricultural operations under individual management with annual sales of \$1,000 or more. # ROCKBRIDGE COUNTY

2002 U.S. Census of Agriculture

Rockbridge County is situated in the central part of the Great Valley of Virginia. Bordered by the Blue Ridge Mountains on the east and the Allegheny Mountains on the west, the county derives its name from the natural rock bridge over Cedar Creek. The county was formed in 1778 from parts of Augusta and Botetourt.

A broad valley extends southwestward through the center of the county, and elevations in Rockbridge range from 1,000 feet in the valley to 4,000 feet at higher mountain points. Temperatures for the area average 36 degrees in January and 75 in July, while annual precipitation averages 38 inches. Rockbridge has a frost-free growing season of roughly 168 days, usually extending between April 26 and October 11.
