

## Other Tree Fruit Summary

Limited information was summarized for cherries, pears, plums and nectarines because of the small number of growers. These fruit were reported predominantly in the same counties as apples and peaches. A total of 32 growers reported one or more of these fruits.

<b>Other Tree Fruit: Number of Growers, Trees and Acres - 2004 and 1994</b>						
Crop	Number of Growers		Total Trees		Acres	
	2004	1994	2004	1994	2004	1994
----Thousands ----						
<b>Cherries</b>	17	10	2.2	1.4	23	27
<b>Pears</b>	16	10	3.0	3.8	28	42
<b>Plums</b>	17	7	1.5	1.4	17	13
<b>Nectarines</b>	13	13	3.3	15.4	42	151
<b>Other Tree Fruit</b>	6	-	0.1	-	1	-
<b>Total<sup>1/</sup></b>	69	40	10.1	22.0	111	233

<sup>1/</sup> Total number of growers is the sum of growers reporting each fruit. Some growers reported one or more types of fruit.

## Small Fruit Summary

Limited information was summarized for different varieties of berries including blueberries, strawberries, blackberries, and raspberries because of the small number of growers. These fruits were reported predominantly in the same counties as apples and peaches. A total of 35 growers reported one or more of these berries. Data for 1994 is not available.

<b>Berries: Number of Growers, Plants and Acres - 2004</b>			
Crop	Number of Growers	Total Bushes/Plants/Canes	Acres
----Thousands ----			
<b>Blueberries</b>	21	18.0	33
<b>Strawberries</b>	13	137.7	19
<b>Blackberries</b>	14	26.2	16
<b>Raspberries</b>	12	27.4	9
<b>Other Berries</b>	5	10.4	3
<b>Total<sup>1/</sup></b>	65	219.7	80

<sup>1/</sup> Total number of growers is the sum of growers reporting each type of berry. Some growers reported more than one type of berry.
