The graph shows the crop progress and condition of corn in Illinois for the year 2007. The data includes the condition of the crop categorized as Good + Excellent over the months of April to November. The condition type is further broken down into Excellent, Good, Fair, Poor, and Very Poor. The progress of the crop, from Planted to Harvested, is also illustrated with specific years marked in 2003, 2004, 2006, and 2007. The source of this data is the National Agricultural Statistics Service (NASS), Crop Progress Report.
USDA
