Arizona Agricultural Statistics 2022

We are proud to present you with the 2022 edition of **Arizona Agricultural Statistics**. The statistics included show the size and scope of one of Arizona's largest industries. Agriculture cash receipts totaled \$5.20 billion in 2022, 30 percent higher than last year's estimate. Increases in cash receipts occurred in virtually all major commodities grown in Arizona, except for date cash receipts. Vegetable and melon cash receipts and milk cash receipts led the increases from 2021, accounting for nearly two-thirds of the total cash receipt increases from the previous year.

The results from the 2022 Census of Agriculture will be available in early 2024. Until then, here are the results from the 2017 Census of Agriculture that were published in April, 2019.

Harvested Cropland: 915,647 Acres *

Irrigated Area: 910,883 Acres *

Number of Farms and Ranches (2022): 18,800 **

Number of Farms by Class: 82.2% Animal Production/Aquaculture; 17.8% Crop Production. *

Native American Principal Producers: 11,561*

Farm Marketing Receipts (2022) \$5,201 Million ***

Livestock and Livestock Products: \$2,242 Million ***

Field, Fruit/Nut, & Vegetable Crops: \$2,959 Million ***

*2017 Census of Agriculture; ** Latest annual estimate; *** Source: USDA Economic Research Service

Crop and livestock producers operate in a rapidly changing environment, and need a source for accurate and relevant statistics to make important decisions. We hope all producers, and others interested in agriculture, will use this information, and the other reports released by USDA NASS, to make well-informed decisions about their production and marketing. We encourage you to take a look at our website at www.nass.usda.gov/az. There is a wealth of information available to you.

Everyone at the USDA NASS Mountain Regional Field Office, the Arizona Field Office, and the Arizona Department of Agriculture has worked hard to support Arizona farmers and ranchers as they deal with the many challenges that crop and livestock production presents.

Our thanks also go to the thousands of Arizona crop and livestock producers, agribusiness firms, and others who have voluntarily provided information that makes the data in this bulletin possible. If we can assist you in any way, please contact us anytime.

Sincerely,

Dave DeWalt
State Statistician

¹ Honey producing colonies are the maximum number of colonies from which honey was taken during the year. It is possible to take honey from colonies which did not survive the entire year.

² Stocks held by producers.

³ Average price per pound based on expanded sales.

⁴ Value of production is equal to production multiplied by average price per pound.

National Agricultural Statistics Service (NASS) Reports and Data

The NASS Internet homepage provides easy access to the wide range of reports, data and general information published throughout the year. All data in this bulletin is published at an earlier date and can be found most quickly via the Internet.

NASS Homepage – <http://www.nass.usda.gov>

Arizona Homepage – http://www.nass.usda.gov/Statistics_by_State/Arizona/index.asp

Through a cooperative agreement with Cornell University, the Albert R. Mann Library distributes NASS, Economic Research Service (ERS), and World Agricultural Outlook Board (WAOB) periodicals and data files via the USDA Economics and Statistics System on a web server. Over 500 NASS reports annually are available free of charge. All NASS reports along with WAOB's World Agricultural Supply and Demand Estimates (WASDE) are available electronically seconds after release.

A calendar of scheduled releases is available from the NASS Homepage by clicking on **Publications**. The next screen is the Reports Calendar where you can choose the year and month of interest.

Free E-Mail Subscriptions to NASS Reports

When a current report is released, it can be sent free of charge via e-mail to the list of subscribers for that report. From the NASS homepage, select the **Publications drop down**, then follow the instructions under **Receive Reports by Email**. The two report options available in Arizona are:

Arizona All Reports
Arizona Crop Progress and Condition.

There is no charge for e-mail subscriptions via Internet. You will receive a confirmation message to your email address you provide. You must verify that you subscribed to the releases before you start receiving the releases in your inbox. You may unsubscribe at any time by going to the **Subscription Page** and unchecking the reports you wish to discontinue.

Agricultural Statistics Data Base (Quick Stats)

Published **U.S., State, and County** information is also available in an online database **FREE OF CHARGE**. The database allows custom extracts based on commodity, year, State, and other selection criteria and produces an output file compatible for updating databases and spreadsheets for selected commodities. The database can be accessed from the NASS homepage then selecting **Data and Statistics**. From there you can retrieve National, State, or County level data. The Census of Agriculture is also available in Quick Stats. The database allows custom extracts based on commodity, year, selected counties within a State, or all counties in one or more States. The county data include totals for the Agricultural Statistics Districts (county groupings) and the State. Video tutorials and other information can be found by selecting **Help**.

REPORTS ISSUED DURING THE YEAR ¹
ARIZONA FIELD OFFICE, USDA NASS

	<u>Frequency</u>	<u>Approximate Date of Publication</u>
General Reports:		
Crop Progress and Condition	Weekly	March-November (Mondays)
"Arizona Agricultural Statistics" – Annual Bulletin	Annual	September

Report Dates for Crops:

Wheat Seedings	Annual	January (9th-12th)
Prospective Plantings	Annual	March (28th-31st)
Acreage Planted	Annual	June (28th-30th)
Crop Production Forecasts	Monthly	May-November (9th-12th)
Crop Production Annual	Annual	January (9th-12th)
Crop Values	Annual	February (20th-25th)
Hay Stocks	Semi-Annual	January, May (9th-12th)

Report Dates for Livestock, Dairy, Poultry, & Livestock Products:

Cattle Inventory and Calf Crop	Semi-Annual	January or February (5th Friday of year) July 20th-31st
Sheep Inventory and Lamb Crop	Annual	January or February (5th Friday of year)
Sheep Shorn and Wool Production	Annual	January or February (5th Friday of year)
Hog Inventory and Pig Crop	Annual	December
Livestock Slaughter	Monthly	20th-26th
Meat Animals - Production, Disposition, and Income	Annual	April (26th-30th)
Bee Colonies and Honey Production	Annual	March (20th-30th)

County Estimates:

Cotton	Annual	May
Durum Wheat and Barley	Annual	December
Livestock – All Cattle, Milk Cows	Annual	May

Prices and Miscellaneous:

Farm Labor	Semi-Annual	May and November (15th-21st)
Agricultural Prices	Monthly	(28th-31st)
Number of Farms and Land in Farms	Annual	February (10th-19th)
Farm Production Expenditures	Annual	August
Agricultural Land Values	Annual	August

¹ Same day news releases are issued for most reports. The annual book, "Arizona Agricultural Statistics", is a summary of all data for the previous year. All reports are available on the Internet at www.nass.usda.gov/az

LEARN MORE

Visit: www.nass.usda.gov to gain access to the following features:

- Browse the NASS website for information on surveys, the Census of Agriculture, NASS procedures, and more.
- Confidentiality and Security Pledges – Select **About NASS** to see our agency history and governing principles.
- Report Calendar – Select **Publications** to get reports by date/topic, email subscriptions, and historic reports.
- Arizona Reports – Use the map to find state-specific reports created in cooperation with the State of Arizona.
- Quick Stats – Select **Data and Statistics** to find data by agricultural product, geography, date, or other variables.
- Quick Stats Lite – Commonly searched pre-defined queries of the Quick Stats database.
- Special Tabulations – Request your own customized **Census of Agriculture** summary.
- CropScape – Create your own annual geospatial land cover maps going back to 2009.
- VegScape – Create your own weekly vegetative index maps back to January 2000.
- Follow NASS on Twitter - @usda_nass
- Customer Service – For assistance finding data online or to request hard copies, call toll free: (800) 727-9540 (7:30a.m. to 4 p.m. ET Mon-Fri) or write to https://www.nass.usda.gov/Contact_Us/index.php
