CATTLE ON FEED

ARIZONA

The number of cattle and calves on feed for the slaughter market in Arizona feedlots with a capacity of 1,000 head or larger was estimated at 256,000 head as of November 1, 2019, according to the Mountain Regional Field Office of the National Agricultural Statistics Service, USDA. The latest inventory was 1 percent above last month's inventory, but 11 percent lower than November 1, 2018. Cattle feeders with 1,000 head or larger capacity marketed an estimated 21,000 head of fed cattle during October 2019, 11 percent above the previous month, but 30 percent below the October 2018 marketings. An estimated 25,000 cattle and calves were placed on feed during October 2019, 56 percent above last month and 9 percent above the October 2018 placements of 23,000 head. Other disappearance for October 2019, at 1,000 head, was the same as last month and last year.

UNITED STATES

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.8 million head on November 1, 2019. The inventory was 1 percent above November 1, 2018. Placements in feedlots during October totaled 2.48 million head, 10 percent above 2018. Net placements were 2.42 million head. During October, placements of cattle and calves weighing less than 600 pounds were 600,000 head, 600-699 pounds were 540,000 head, 700-799 pounds were 517,000 head, 800-899 pounds were 475,000 head, 900-999 pounds were 230,000 head, and 1,000 pounds and greater were 115,000 head. Marketings of fed cattle during October totaled 1.88 million head, 1 percent below 2018. Other disappearance totaled 59,000 head during October, 14 percent below 2018.
