## **NASS ANNOUNCES REVISED 2011 CALIFORNIA ALMOND OBJECTIVE MEASUREMENT REPORT RELEASE DATE TO JULY 6 AT NOON**

**SACRAMENTO** -- The USDA's National Agricultural Statistics Service (NASS) has changed the release date of the 2011 California Almond Objective Measurement Report from Thursday, June 30 at noon, to Wednesday, July 6 at noon. Data collection has been delayed due to the late maturity of the crop. Field crews started orchard work one to two weeks later than normal, depending on the region, but orchard work is now in full swing in all areas of the state.

If you have questions about the release, please contact the USDA NASS California Field Office at (916) 498-5161.
