

California Processing Tomato Report

California Department of Food and Agriculture

Cooperating with the USDA, National Agricultural Statistics Service, Pacific Regional Office-California

Pacific Regional Office · P.O. Box 1258 · Sacramento, CA 95812 · (916) 498-5161 · (855) 270-2722 Fax · www.nass.usda.gov/ca

Released: May 26, 2016

As of May 26, California's tomato processors reported they have or will have contracts for 13.0 million tons of processing tomatoes for 2016. This production is a 1.5 percent decrease from the January intentions forecast and a 9.1 percent decrease from the final contracted production total from last year.

The May contracted acreage of 262,000 is 3.3 percent below the January intentions forecast and 11.8 percent below last year's final contracted acreage.

Fresno County remains the top California County in contracted planted acreage for 2016 with 80,800 acres. Yolo, Kings, San Joaquin, and Merced make up the remaining top five counties for contracted planted acreage. These counties make up 73 percent of the 2016 total contracted planted acreage for California.

This early processing tomato estimate is funded by the California League of Food Processors, in cooperation with the California Department of Food and Agriculture.
