

# 2004 PEST INFESTATION LEVELS ON LIMA BEANS IN DELAWARE AND EASTERN SHORE MARYLAND

Lima bean growers were asked about the severity of pest infestation they experienced for the 2004 growing season. For insects and diseases, growers were asked to rate the severity of specific pest infestation by using the following scale:

- 1 - No pest presence
- 2 - Light infestation
- 3 - Medium infestation
- 4 - Heavy infestation
- 5 - Severe infestation

For each pest, the number of reports, the mean of the reported pest infestation, the standard deviation, and the minimum and maximum pest infestation level reported is provided.

## INSECTS

<u>Pest</u>	<u>No. Rpts.</u>	<u>Mean</u>	<u>Std. Dev.</u>	<u>Min.</u>	<u>Max.</u>
Corn earworms	29	3.62	1.2	1	5
Lygus bug species	28	2.75	1.1	1	4
Stink bugs	27	2.48	.9	1	4
Leafhoppers	29	2.38	.9	1	4
Spider mites	27	1.63	.7	1	3
Seed corn maggot	28	1.54	.7	1	3
Aphids	29	1.52	.8	1	4
Mexican bean beetles	27	1.04	.2	1	2

- 1 - No pest presence    2 - Light infestation    3 - Medium infestation  
4 - Heavy infestation    5 - Severe infestation

## DISEASES

<u>Pest</u>	<u>No. Rpts.</u>	<u>Mean</u>	<u>Std. Dev.</u>	<u>Min.</u>	<u>Max.</u>
White mold	28	3.57	1.3	1	5
Downy mildew	29	3.14	1.1	1	5
Lima bean pod blight	28	2.21	1.3	1	5
Root rots	27	1.93	1.0	1	3
Anthracnose	27	1.56	.9	1	3
Bacterial brown spot	28	1.36	.5	1	2

For weeds, growers were asked if they made any post-emergence herbicide applications in 2004. If they responded “yes”, they were asked to identify weeds the herbicide application was targeted for. Of the 29 producers filling out the pest infestation survey supplement, there were 11 producers who reported a post-emergent herbicide application. From those 11 producers, here are the frequency counts reported for each weed targeted:

Lambsquarters	9	Nightshades	5
Pigweed	9	Canada thistle	5
Jimsonweed	9	Johnsongrass	4
Common cocklebur	8	Fall panicum	3
Morninggloy species	8	Pokeweed	3
Common ragweed	8	Bermudagrass	2
Crabgrass	8	Groundcherry	1
Barnyardgrass	6	Bindweed	0
Foxtails	6	Common milkweed	0
Velvetleaf	6	Yellow nutsedge	0
Horsenettle	6
