#### CITRUS ACRES AND TREES

The preliminary report for Commercial Citrus Inventory 2008 will be released on Sep. 19, 2008, at 3:15 p.m. This report will contain Florida citrus acreage and tree numbers by variety and plant date groupings. Comparisons to previous inventories by county and variety will be included. The full publication will follow later in the year.

Also, a report on abandoned citrus acreage in Florida will be released at the same time.
