Florida: Hatcheries placed 964,000 broiler chicks with producers during the week ending December 24, 2011. Placements were ten percent below the previous week. Chick placements this week are projected to be marketed the week ending February 4, 2012. Placements of broiler chicks in Florida during the last six weeks were 6.53 million birds compared to 7.41 million for the corresponding six-week period of the previous year.

19 Selected States: Commercial hatcheries placed 163 million chicks with producers in the 19 major broiler States during the week ending December 24, 2011, slightly above placements of the previous week but three percent below last year. Total chicks placed during the six-week period were 962 million, four percent below the six-week period of the previous year.
