2005 FARM INCOME HIGHLIGHTS

CASH RECEIPTS

Cash receipts received by Kentucky farmers for the sale of farm commodities totaled $3.97 billion for the year 2005. This was down 4 percent ($153.9 million) from the revised 2004 value of $4.13 billion. Livestock and livestock product sales generated $2.70 billion, down 1 percent from the 2004 level. Crop cash receipts totaled $1.27 billion, down 8 percent.

Sales of horses and stud fees were the leading source of cash receipts for Kentucky farmers during 2005 with $1.01 billion (25 percent of the State’s total receipts). Receipts were up $60.0 million from the 2004 level. All poultry (broilers, eggs and other poultry) continued second with $813.8 million, down less than 1 percent from the previous year. Broiler receipts made up $704.3 million of the poultry total. Cattle and calves were third with $561.3 million, down 10 percent from 2004. Tobacco (the largest crop) was fourth with $342.5 million, down 19 percent from 2004. The large tobacco decrease was due to farmers quitting tobacco production after the 2004 buyout and lower prices.

Livestock products made up 68 percent of the total cash receipts for 2005. Sales of horses and stud fees made up 37 percent of livestock and livestock product receipts during 2005. All poultry made up 30 percent and cattle and calves made up 21 percent. Sheep and lambs and wool experienced the largest increase in livestock receipts from 2004 with 28 percent for sheep and lambs and 43 percent for wool.

Crop cash receipts made up 32 percent of Kentucky’s total cash receipts. Tobacco sales accounted for 27 percent of crop cash receipts. This was followed by corn ($336.1 million) with 26 percent and soybeans ($319.9 million) with 25 percent. Floriculture and barley receipts saw the largest increase from the previous year, both up 9 percent.
