## 2015 CHEMICAL USAGE FOR WHEAT

State-level estimates for 2015 chemical usage for Durum, spring, and winter wheat are now available, according to the USDA's National Agricultural Statistics Service. The 2015 Agricultural Chemical Use Survey of wheat producers collected data about fertilizer and pesticide use, as well as pest management practices in growing wheat. The estimates can be accessed using the QuickStats online database, found here: [http://www.nass.usda.gov/Quick\\_Stats/](http://www.nass.usda.gov/Quick_Stats/)

NASS provides accurate, timely, and useful statistics in service to U.S. agriculture. We invite you to provide occasional feedback on our products and services. Sign up at <http://usda.mannlib.cornell.edu/subscriptions> and look for "NASS Data User Community."
