2017 CANOLA COUNTY ESTIMATES

USDA'S National Agricultural Statistics Service has published final county-level estimates for Canola for the production years 2016 through 2017. The estimates, based primarily on surveys conducted with farmers and ranchers last fall, can be accessed using the QuickStats online database, found here: http://www.nass.usda.gov/Quick_Stats/. County-level estimates for other late season crops and hay will be published in April 2018.

NASS provides accurate, timely, and useful statistics in service to U.S. agriculture. We invite you to provide occasional feedback on our products and services. Sign up at <http://usda.mannlib.cornell.edu/subscriptions> and look for "NASS Data User Community."
