AGRICULTURAL PRICES

LINCOLN, NE, September 27, 2013 -- Preliminary prices received by farmers for winter wheat for September 2013 averaged \$6.90 per bushel, a decrease of 15 cents from the August price according to the USDA's National Agricultural Statistics Service.

The preliminary September corn price, at \$5.60 per bushel, decreased 85 cents from the previous month.

The preliminary September sorghum price averaged \$8.80 per cwt, a decrease of \$1.40 from August.

The preliminary September soybean price, at \$13.70 per bushel, increased 20 cents from last month.

The preliminary September dry edible bean price, at \$42.90 per cwt, is up 30 cents from last month.

The September alfalfa hay price, at \$181.00 per ton, is down \$28.00 from last month. The other hay price, at \$136.00 per ton, is down \$15.00 from last month.

The preliminary September oat price is withheld to avoid disclosing data for individual operations.
