NEBRASKA AGRICULTURAL PRICES

LINCOLN, NE, March 28, 2014 -- Preliminary prices received by farmers for winter wheat for March 2014 averaged \$7.15 per bushel, an increase of 68 cents from the February price according to the USDA's National Agricultural Statistics Service.

The preliminary March corn price, at \$4.50 per bushel, increased 23 cents from the previous month.

The preliminary March sorghum price averaged \$7.95 per cwt, an increase of 45 cents from February.

The preliminary March soybean price, at \$13.50 per bushel, was up 50 cents from last month.

The preliminary March dry edible bean price, at \$42.00 per cwt, was up \$2.40 from February.

The March alfalfa hay price, at \$133.00 per ton, was down \$9.00 from last month. The other hay price, at \$104.00 per ton, was down \$1.00 from last month.

The preliminary March oat price was withheld to avoid disclosing data for individual operations. The February price for oats was \$4.12.
