## NEBRASKA AGRICULTURAL PRICES

LINCOLN, NE, May 30, 2014 -- Preliminary prices received by farmers for winter wheat for May 2014 averaged \$7.50 per bushel, an increase of 35 cents from the April price according to the USDA's National Agricultural Statistics Service.

The preliminary May corn price, at \$4.70 per bushel, increased 1 cent from the previous month.

The preliminary May sorghum price averaged \$8.00 per cwt, a decrease of 15 cents from April.

The preliminary May soybean price, at \$14.30 per bushel, was up 10 cents from last month.

The preliminary May dry edible bean price, at \$46.00 per cwt, was up \$8.70 from April.

The May alfalfa hay price, at \$125.00 per ton, was down \$2.00 from last month. The other hay price, at \$94.00 per ton, was down \$4.00 from last month.

The preliminary May oat price was withheld to avoid disclosing data for individual operations.
