

Reports Available from New England Agricultural Statistics

Electronic Reports via E-mail or Internet

To subscribe online go to the NASS homepage www.nass.usda.gov. Select **Publications** from the top menu. On the Publications page, scroll down to the **Syndication** menu on the right hand side. Choose either **National** or **State** from the **Receive Reports by Email** section and follow the instructions shown.

Paper Reports Via Mail

For paper subscriptions to national releases call 1-800-999-6779 and ask for a free copy of the NASS Products and Services catalog. The catalog is issued every December and includes the annual calendar of release dates.

Below is a list of reports available from the New England Field Office. **To receive paper copies of these releases, please call the USDA/NASS New England Field Office at 603-224-9639.**

- ANNUAL AGRICULTURAL STATISTICS – (1 publication per year): This publication contains agricultural statistics for several recent years. Crop, livestock, economic, and other statistics for all six New England States are included in one issue beginning in March. Although the report is not complete until late spring, each section is added to the Internet as soon as it is ready for publication at www.nass.usda.gov/nh/.
- AGRICULTURAL REVIEW: (*14 publications per year*): Agricultural statistics in New England are published at the end of each month. This includes information about field crops, potatoes, fruit, vegetables, livestock, poultry, and other special features. You will also receive the annual Cash Receipts reports in September and the Fruits and Vegetables Price and Yield Report in March.
- CROP WEATHER (*about 25 issues per year*): Summaries of the effect of weather on crops are published the first business day of each week, May through October. This includes planting and harvesting progress, crop development, farm activities, precipitation, temperature, and growing degree days across New England.
- MAPLE SYRUP: The annual summary of maple syrup production and prices in New England and the United States is published in June.
- POTATO REPORTS: A summary of Maine potato acreage, yield, size, and grade is published in January.
- CRANBERRIES: Acreage and production in Maine, Massachusetts, and four other major states are published twice a year. The forecast of production is published in August; final production is published in January.
- WILD BLUEBERRIES: The preliminary estimates of Maine production and prices are published in January. Final estimates are published the following July.
