JERSEY FRESH FORECAST

BASIL	Likes warmer weather. Should be ready in mid-June.
BLUEBERRIES	Minor quantities of early varieties like Weymouth starting about June 18th. The much more widely planted Duke variety will start 3-4 days later with volume available a week later.
CABBAGE	Won't be ready until late May or early June.
CUCUMBERS	Pickles should begin in two weeks, followed by cukes later that week.
PEACHES	Winter was longer & colder than normal, & coupled with a slowly warming Spring. The season will be a bit delayed & start in early to mid-July w/ early PF & Sentry varieties, w/ volume and freestone varieties starting a week later. White peaches start a week after that w/ volume late July.
TURNIPS	Should begin harvesting in early June.
