Cooperating with Ohio Department of Agriculture

August 2015

The US Department of Agriculture's (USDA) National Agricultural Statistics Service's (NASS) – Ohio Field Office is pleased to present the 2015 edition of *Ohio Agricultural Statistics Annual Bulletin*. This publication, which is also available on our web site, is a compilation of the many statistical reports published over the past year that highlight Ohio's diverse agriculture sector.

The statistics in this bulletin showcase this diversity and are used on a regular basis to make informed decisions by producers, consultants, advisors, government officials, and others. The compilation of this bulletin is a product of the partnership between the Ohio Department of Agriculture and NASS.

I would like to extend a special thanks to all those producers, agri-businesses, commodity groups, and countless others who have given their valuable time to provide the information that serve as a basis for these data. Their responses are through the Internet, mail, via telephone, and face-to-face interviews.

Special thanks also go to the National Association of State Department of Agriculture enumerators for their outstanding work in collecting and providing timely and accurate data. Without their dedication to Ohio agriculture, we would be unable to successfully provide these many data.

The Census of Agriculture is conducted by NASS every 5 years. The 2012 Census of Agriculture was released in May 2014. Results include information on farm numbers, acreage, crops, livestock, income, expenses, and demographics at the county, state, and national level. The wide-array of Census data are used by policy makers, universities, communities, and organizations throughout Ohio and the United States to plan for the future and compete for valuable resources. We thank Ohio's producers for their cooperation and providing the information which helps ensure the success of Ohio agriculture.

Good decisions can only be made with good information. Our agency continually strives to meet our mission of providing timely, accurate, and useful statistics in service to U.S. agriculture. Thanks again to all those who provided, collected, and analyzed the data in this publication. If you have any questions about these data or need any additional information, please visit our web site at www.nass.usda.gov and/or contact our office at (614) 728-2100. We look forward to serving you.

Sincerely,

Cheryl Turner
State Statistician

At the Ohio Department of Agriculture, we spend a great deal of time supporting and working on ways to improve the food and agriculture industry and keeping people safe. We also spend a great deal of time formulating and enforcing rules and supporting rural policy that affects agriculture. Our decisions resonate through all levels of state government right down to the producer out in the field thinking about how he is going to pay his taxes, keep his farm productive, and pass his business on to the next generation.

If you didn't already know what happens at the Ohio Department of Agriculture's Reynoldsburg campus, you might be surprised. Most people do not know that behind the brick buildings are scientific and consumer protection activity. In fact, it is the top comprehensive consumer protection lab safety network in the state, and one of only a few of its kind in the nation.

ODA administers numerous regulatory, food safety, consumer protection, plant health and animal care programs for the benefit of all Ohioans. The department also helps create greater economic opportunity for Ohio's farmers and processors and to preserve and enhance Ohio's resources.

This past year, in addition to our routine duties, we spent a great deal of time working with the Ohio Department of Natural Resources and the Ohio Environmental Protection Agency on water quality and nutrient management issues. Much progress has been made in this area and the department will continue to move forward with industry on steps to improve Ohio's waterways.

Ohio has invested more than $1 billion in the Lake Erie watershed to improve drinking water and waste water facilities, monitor water quality, plant cover crops, recycle dredge material, install controlled drainage systems on fields, and fix faulty septic systems.

The Department of Agriculture will continue to hold fertilizer certification classes for anyone who applies fertilizer to more than 50 acres annually. These training sessions will emphasize best management practices for the proper application of fertilizer on farmland in order to obtain the maximum benefit while preventing run-off into creeks, streams, and rivers.

Additionally, we will continue our work to implement Senate Bill 1, which was signed into law in April of 2015 to strengthen Lake Erie water quality. These historic reforms make it illegal to apply fertilizer or manure on frozen, snow-covered, saturated soils, or before a significant rain event unless they inject the fertilizer or manure into the soil, till it in, or apply it to a cover crop. It also calls for streamlining soil and water programs in Ohio.

As we work on these issues and other pressing consumer safety and farm protection efforts, I look forward to another productive year.

Sincerely,

David T. Daniels
Director

Serving Farmers and Protecting Consumers Since 1846

Vegetables

Cabbage for Fresh Market Area Planted and Harvested, Yield, Production, Price, and Value — Ohio: 2010-2014....28
Cucumbers for Pickles Area Planted and Harvested, Yield, Production, Price, and Value — Ohio: 2010-2014....28
Bell Peppers for Fresh Market and Processing Area Planted and Harvested, Yield, Production, Price, and Value — Ohio: 2010-2014....28
Pumpkins for Fresh Market and Processing Area Planted and Harvested, Yield,

Production, Price, and Value — Ohio: 2010-2014 28
Squash for Fresh Market and Processing Area Planted and Harvested, Yield, Production, Price, and Value — Ohio: 2010-2014 29
Sweet Corn for Fresh Market Area Planted and Harvested, Yield, Production, Price, and Value — Ohio: 2010-2014 29
Tomatoes for Fresh Market Area Planted and Harvested, Yield, Production, Price, and Value — Ohio: 2010-2014 29
Tomatoes for Processing Area Planted and Harvested, Yield, Production, Price, and Value — Ohio: 2010-2014 29

Fruit

Apple Acreage, Yield, Production, Price and Value — Ohio: 2010-2014 30
Apple Production, Price and Value by Utilization — Ohio: 2010-2014 30
Unutilized Apple Production — Ohio: 2010-2014 30
Strawberries for Fresh Market and Processing Area Planted and Harvested, Yield, Production, Price, and Value — Ohio: 2010-2014 30
Grape Acreage, Yield, Production, Use and Value — Ohio: 2010-2014 31
Grape Production, Price and Value by Utilization — Ohio: 2010-2014 31
Peach Acreage, Yield, Production, Price and Value — Ohio: 2010-2014 31

Livestock

Commercial Calf Slaughter — Ohio: Monthly 2013-2014 32
All Cattle and Calves Production and Income — Ohio: 2010-2014 32
Commercial Cattle Slaughter — Ohio: Monthly 2013-2014 32
Cattle and Calves: Number by Class and Calf Crop — Ohio: January 1, 2010-2014 33
Milk Production and Disposition — Ohio and United States: 2010 - 2014 33
Milk Cows and Production by Month — Ohio: 2010-2014 34
Dairy Products: Annual Production Totals — Ohio: 2010 - 2014 35
Honey: Number of Colonies, Yield, Production, Stocks, Price, and Value — Ohio: 2010-2014 36
Commercial Hog Slaughter — Ohio: Monthly 2013-2014 36
Hogs and Pigs: Production, Marketings and Income — Ohio: 2010-2014 37
Market Hogs and Pigs Inventory by Weight Group — Ohio and United States: December 1, 2010-2014 37
Hogs and Pigs Total, Breeding and Market Inventory, Farrowings, Pigs per litter, Pig crop, and Marketings — Ohio and United States: December 1, 2010-2014 37
Commercial Sheep and Lamb Slaughter — Ohio: Monthly 2013-2014 38
Sheep and Lamb: Lamb Crop, Farm Slaughter and Death Loss — Ohio: 2010-2014 38
Market Sheep and Lamb Inventory by Weight Group — Ohio: January 1, 2010-2014 38
Sheep and Lamb Inventory by Class — Ohio and United States: January 1, 2010-2014 39
Wool Production, Price and Value — Ohio: 2010-2014 39
Turkey Production and Value — Ohio and United States: 2010-2014 39
Egg production and value — Ohio and United States: 2010 - 2014 40
Chicken Disposition and Value — Ohio and United States: 2010-2014 40
Chicken Inventory by Class— Ohio and United States: December 1, 2010-2014 40
Young Chickens, Number Slaughtered, Total Live Weight, and Average Live Weight — Ohio: Monthly 2013-2014 41
Broiler Production and Value — Ohio: 2010-2014 41
Average Number of Layers on Hand and Eggs Produced by Months — Ohio: 2010 - 2014 42

Floriculture

Bedding Plants: Producers, Quantity Sold, Price, and Value — Ohio: 2010-2014 43
Potted Flowering and Annual Bedding Plants: Producers, Quantity Sold, Price, and Value — Ohio: 2010-2014 44
Potted Flowering and Annual Bedding Plants: Producers, Quantity Sold, Price, and Value —

Ohio: 2010-2014 (continued) 45

Honey: Number of Colonies, Yield, Production, Stocks, Price, and Value — Ohio: 2010-2014

[Producers with 5 or more colonies.]

Year	Honey producing colonies [1]	Yield per colony	Production	Stocks December 15 [2]	Average price per pound [3]	Value of production [4]
	(1,000)	(pounds)	(1,000 pounds)	(1,000 pounds)	(cents)	(1,000 dollars)
2010	18	62	1,116	346	228	2,544
2011	15	66	990	228	234	2,317
2012	18	60	1,080	410	246	2,657
2013	17	45	765	390	329	2,517
2014	15	61	915	256	352	3,221

[1] Honey producing colonies are the maximum number of colonies from which honey was taken during the year. It is possible to take honey from colonies which did not survive the entire year.
[2] Stocks held by producers.
[3] Average price per pound based on expanded sales.
[4] Value of production is equal to production multiplied by average price per pound.
