**Volume 43, Number 13**

**Weekly Summary for May 4 – May 10**

**Issued May 11, 2020**

The statewide average temperature dropped into the low 60's last week, with highs in the 70's across most of the state. Rainfall totals averaged 0.68 of an inch across Oklahoma last week, with the Southeast district recording the highest totals at 1.13 inches. According to the May 5th, US Drought Monitor Report, drought conditions were rated 24 percent abnormally dry to severe drought, up 10 points from the previous week. Additionally, 5 percent of the state was in the moderate drought to severe drought category, up 1 point from the previous week. Topsoil and subsoil moisture conditions were rated mostly adequate to short. There were 6.0 days suitable for fieldwork.

**Small Grains:** Winter wheat headed reached 82 percent, unchanged from the previous year but down 8 points from normal. Canola blooming reached 95 percent, up 1 point from the previous year. Canola coloring reached 22 percent, down 6 points from the previous year and down 7 points from normal. Rye headed reached 65 percent, down 4 points from the previous year and down 9 points from normal. Oats jointing reached 65 percent, up 2 points from the previous year but down 6 points from normal. Oats headed reached 9 percent, down 3 points from the previous year.

**Row Crops:** Corn planted reached 60 percent, up 16 points from the previous year but down 1 point from normal. Corn emerged reached 31 percent, up 1 point from the previous year but down 13 points from normal. Sorghum planted reached 10 percent, down 2 points from the previous year and down 15 points from normal. Soybeans planted reached 30 percent, up 16 points from the previous year and up 12 points from normal. Peanuts planted reached 6 percent, down 8 points from the previous year and down 31 points from normal. Cotton planted reached 7 percent, down 1 point from the previous year and down 9 points from normal.

**Hay:** The first cutting of other hay reached 6 percent.

**Pasture and Livestock:** Pasture and range condition was rated at 88 percent good to fair. Livestock condition was rated at 94 percent good to fair.
