Volume 46, Number 16

Weekly Summary for May 29 – June 4

Issued June 5, 2023

Rainfall totals in Oklahoma averaged 1.52 inches. According to the May 30th US Drought Monitor Report, drought conditions were rated 63 percent abnormally dry to exceptional drought, up 14 points from last year. Additionally, 50 percent of the state was in the moderate drought to exceptional drought categories, up 7 points from the previous year. Statewide, temperatures averaged in the low 70's. Topsoil moisture conditions were rated adequate to surplus and subsoil moisture conditions were rated adequate to short. There were 4.3 days suitable for fieldwork.

Small Grains: Winter wheat harvested reached 15 percent, up 1 point from the previous year and up 7 points from normal. Canola coloring reached 72 percent, up 2 points from the previous year but down 1 point from normal. Rye harvested reached 5 percent, down 8 points from the previous year and down 5 points from normal. Oats jointing reached 89 percent, unchanged from the previous year but up 1 point from normal. Oats headed reached 72 percent, up 8 points from the previous year and up 6 points from normal.

Row Crops: Corn planted reached 86 percent, up 4 points from the previous year and up 2 points from normal. Corn emerged reached 64 percent, down 5 points from the previous year and down 6 points from normal. Sorghum planted reached 32 percent, unchanged from the previous year but down 4 points from normal. Soybeans planted reached 40 percent, down 1 point from the previous year and down 9 points from normal. Soybeans emerged reached 18 percent, down 1 point from the previous year. Peanuts planted reached 50 percent, up 7 points from the previous year but down 1 point from normal. Cotton planted reached 46 percent, down 5 points from the previous year but up 3 points from normal.

Hay: The first cutting of alfalfa hay reached 43 percent, unchanged from the previous year but down 12 points from normal. The first cutting of other hay reached 36 percent, unchanged from the previous year but down 8 points from normal.

Pasture and Livestock: Pasture and range condition was rated at 85 percent good to fair. Livestock condition was rated at 84 percent good to fair.
