

June Acreage Report

Southern Plains Regional Field Office · Post Office Box 70, Austin, Texas 78767 · 800-626-3142 · www.nass.usda.gov

Cooperating with the Oklahoma Department of Agriculture, Food and Forestry and Texas Department of Agriculture

June 30, 2016

Contact: [Kim DaPra](#) or [Betty Johnson](#)

The June acreage estimates in this report are based primarily on surveys conducted the first two weeks of June. These surveys are based on a probability area frame survey with a sample of over 1,400 segments or parcels of land (average approximately 1 square mile) in the Southern Plains region and a list probability sample of over 6,800 farm operators. Enumerators contact farmers and ranchers in the segments in person, while a mix of mail, telephone, and internet is used to collect data from the list survey sample.

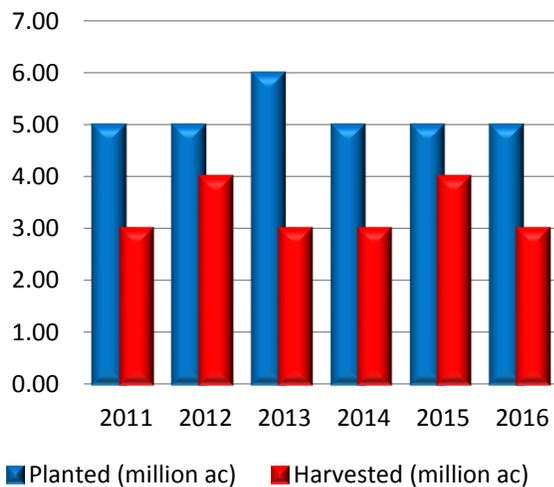

Data provided by Oklahoma and Texas operators are the foundation of the estimates for the Southern Plains region. The Southern Plains Regional Field Office would like to thank all farmers and ranchers that responded to these surveys and provided data used to set these important estimates.

WINTER WHEAT

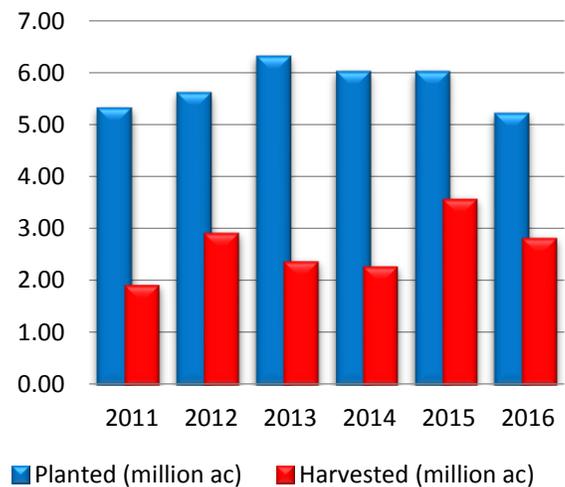

Oklahoma winter wheat planted, at 5.00 million acres, is down 6 percent from a year ago. Harvested acreage, at 3.30 million, is down 13 percent from last year's crop.

Texas winter wheat planted, at 5.20 million acres, is down 13 percent from a year ago. Harvested acreage, at 2.80 million, is down 21 percent from last year's crop.

Oklahoma

Texas

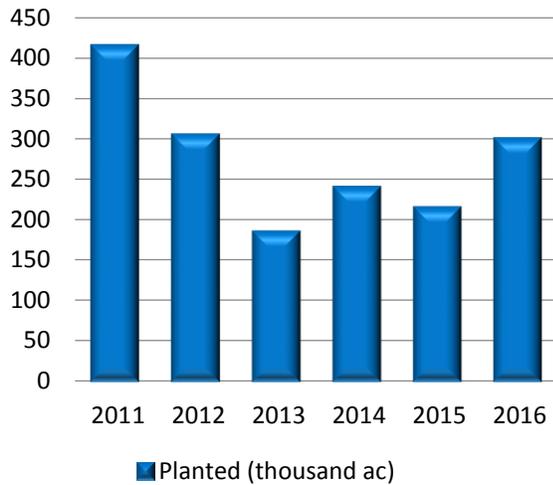

UPLAND COTTON

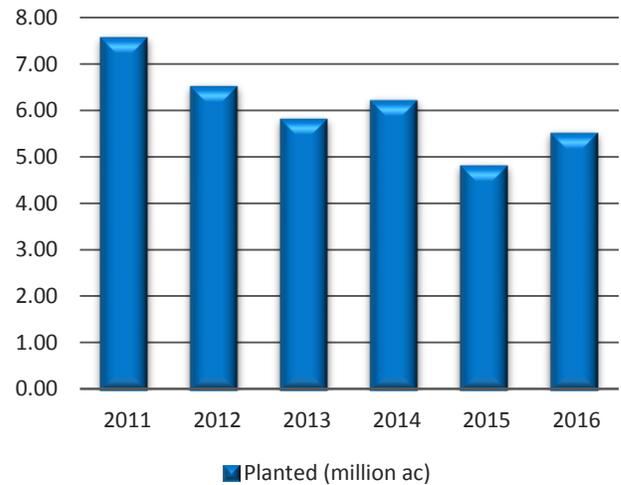

Oklahoma upland cotton is at 300 thousand planted acres, up 40 percent from last year.

Texas upland cotton is at 5.50 million planted acres, up 15 percent from last year. Planting of Pima cotton is expected to total 22.0 thousand acres, up 29 percent from 2015.

Oklahoma

Texas

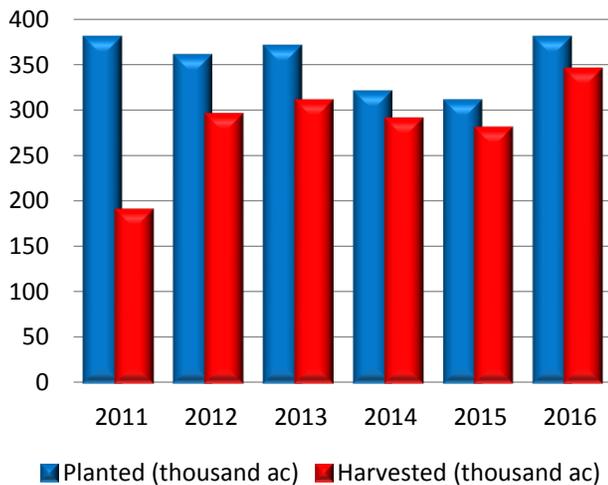

CORN

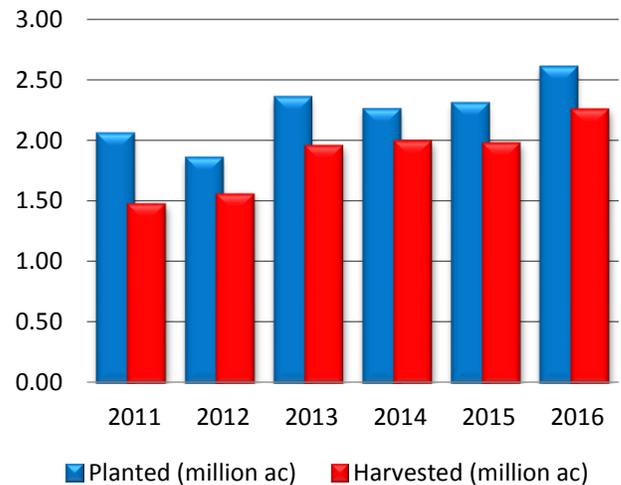

Oklahoma corn growers intend to plant 380 thousand acres of corn, up 23 percent from last year. Harvested acreage at 345 thousand acres is up 23 percent from last year.

Texas corn growers intend to plant 2.60 million acres of corn, up 13 percent from last year. Harvested acreage at 2.25 million acres is up 14 percent from last year.

Oklahoma

Texas

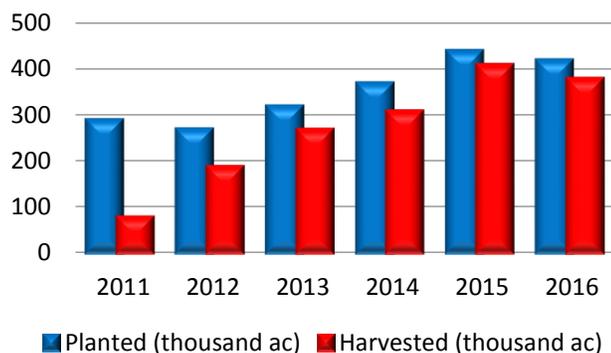

SORGHUM

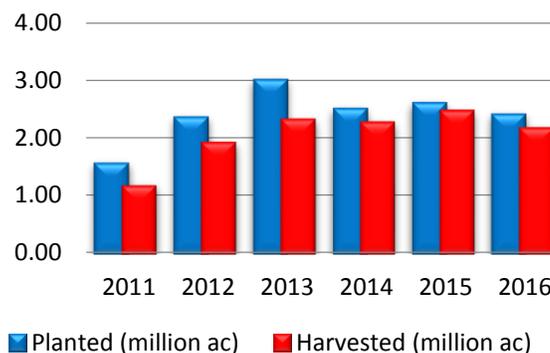

Oklahoma sorghum producers intend to plant 420 thousand acres, down 5 percent from a year ago. Producers expect to harvest 380 thousand acres, down 7 percent from 2015.

Texas sorghum producers intend to plant 2.40 million acres, down 8 percent from a year ago. Producers expect to harvest 2.15 million acres, down 12 percent from 2015.
