Gallagher Remains Top Wheat Variety for 5th Year Running

Gallagher is the number one wheat variety planted for the 2020 wheat crop in Oklahoma. Climbing to second place is Smith's Gold. Doublestop CL Plus dropped to third place this planting season. Wheat growers were surveyed by the USDA-NASS Oklahoma Field Office as part of the December Agricultural Survey and Crop Acreage and Production Survey. Funding was provided by the Oklahoma Wheat Commission in cooperation with the Department of Plant and Soil Sciences at Oklahoma State University. Survey results are provided in the following tables, with percent of acres planted for the 2020 crop year by variety and broken out by Agricultural Statistics District and Oklahoma Grain Shed. Data provided by Oklahoma wheat producers is the foundation of this report. The Oklahoma Field Office sincerely thanks all producers who cooperated in this important survey.
