

**United States Department of Agriculture**  
National Agricultural Statistics Service

We are grateful to the Pennsylvania farmers and their families for completing our surveys throughout the year. This is how we gather our data about agriculture.

A lot of people and agencies learn from this data, like - - -

- the farmers themselves
- magazines, newspapers, radio
- farm businesses
- farm associations
- banks and lenders
- schools and universities
- farm cooperatives
- government agencies
- legislatures

We hope you have become more aware of agriculture in Pennsylvania and learned how important it is to the people who work hard to produce our food.
