¹ Number of colonies as of January 1, April 1, July 1, and October 1.
² Maximum number of colonies plus all colonies moved into that state during the quarter.
³ Percent lost is the number of lost colonies divided by maximum colonies except for the United States, where percent lost is the number of lost colonies divided by the January 1 number of colonies.
⁴ Defined as any surviving colony that was requeened or received new honey bees through nuc or package.
⁵ Percent renovated is the number of renovated colonies divided by the January 1 number of colonies.

(Z) Less than half of the unit shown.
