<sup>1</sup> Prices for mushrooms are the average prices producers receive at the first point of sale, commonly referred to as the average price as sold. For example, if in a given State, part of the fresh mushrooms are sold F.O.B. packed by growers, part are sold bulk to brokers or repackers, and some are sold retail at roadside stands, the mushroom average price as sold is a weighted average of the average price for each method of sale.

<sup>2</sup> Western Region includes California, Colorado, Hawaii, Oregon, Utah, and Washington.
