The grain stocks estimates in this report are based on surveys conducted during the first two weeks of September. Data provided by Oklahoma and Texas operators are the foundation of the estimates made for the Southern Plains region. Separate surveys are conducted to obtain the on-farm and off-farm estimates. We would like to thank all operators who responded to the survey. Results from the next quarterly survey will be made available on January 11, 2016.

Oklahoma stocks of wheat in all positions on September 1 totaled 111 million bushels, were up 44 percent from the 2014 level of 77.6 million bushels. Off-farm wheat stocks, at 104 million bushels were 47 percent higher than September 1, 2014.

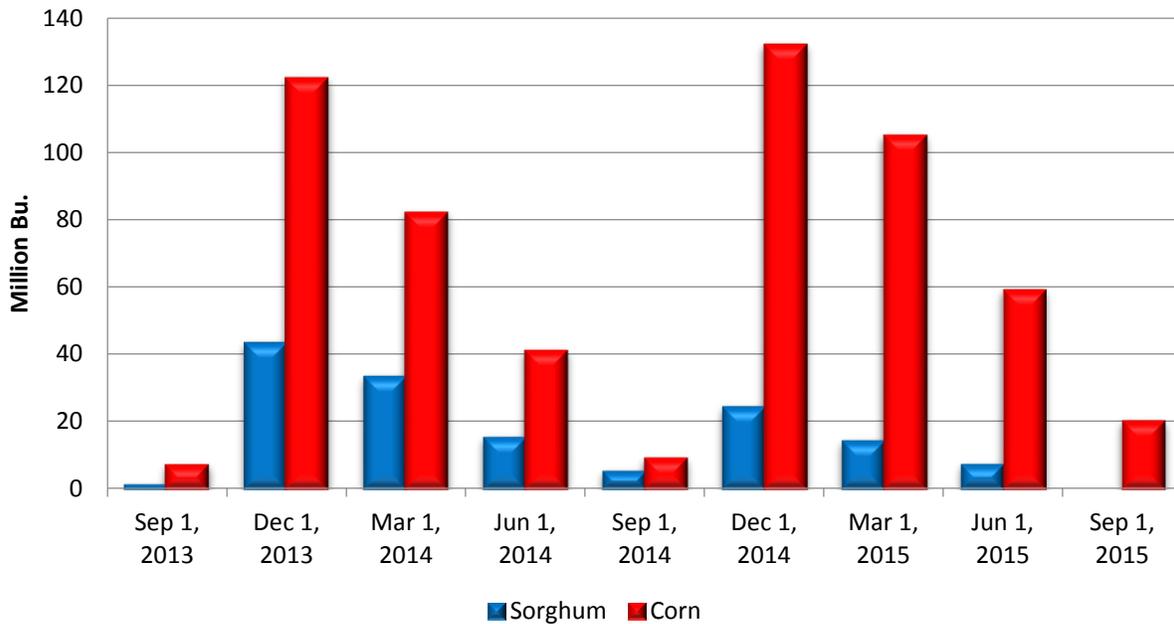

Texas stocks of wheat in all positions on September 1, at 88.0 million bushels, were up 45 percent from the 2014 level of 60.9 million bushels. Off-farm wheat stocks, at 82.2 million bushels were 42 percent higher than September 1, 2014.

Quarterly Wheat Stocks
All Positions

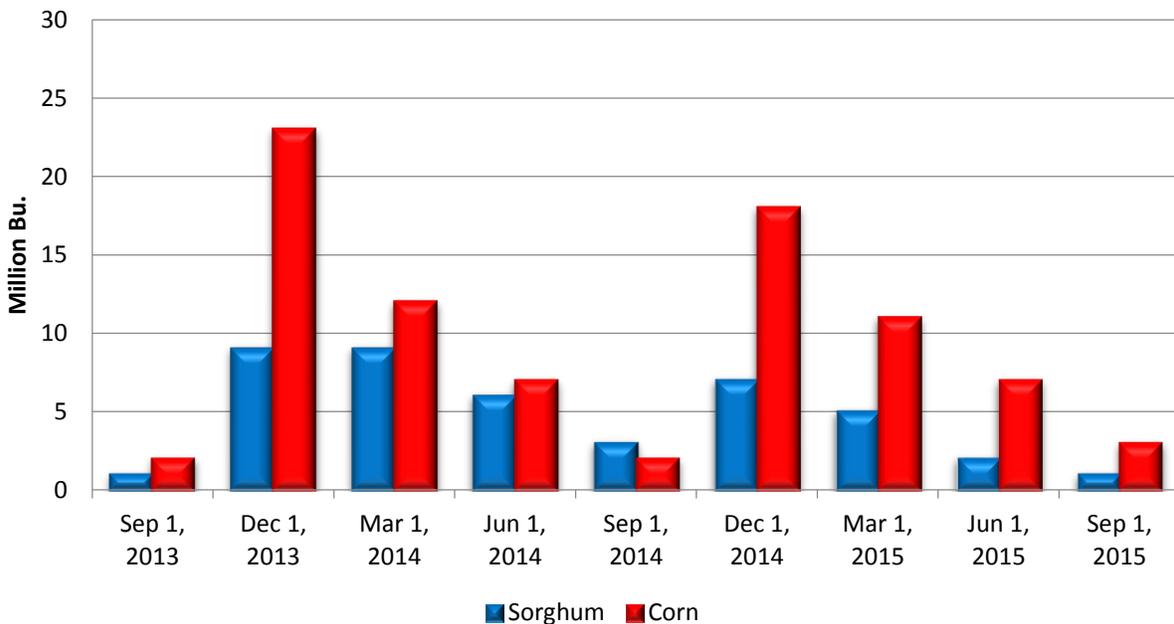

Texas on- and off-farm sorghum stocks were not published for this quarter to avoid disclosing data for individual operations. **Texas** off-farm corn stocks, at 20.5 million bushels, were up 138 percent from last year. On-farm stocks are not published for the state.

**Texas Quarterly Stocks
Sorghum and Corn, Off-farm**

Oklahoma off-farm sorghum stocks totaled 1.46 million bushels, 1.70 million bushels lower than September 1, 2014. On-farm stocks are not published for the state. **Oklahoma** off-farm corn stocks, at 3.40 million bushels, were up 68 percent from a year earlier. On-farm stocks are not published for the state.

**Oklahoma Quarterly Stocks
Sorghum and Corn, Off-farm**
