The June acreage estimates in this report are based primarily on surveys conducted the first two weeks of June. These surveys are based on a probability area frame survey with a sample of over 1,400 segments or parcels of land (average approximately 1 square mile) in the Southern Plains region and a list probability sample of over 6,800 farm operators. Enumerators contact farmers and ranchers in the segments in person, while a mix of mail, telephone, and internet is used to pick up data from the list survey sample.

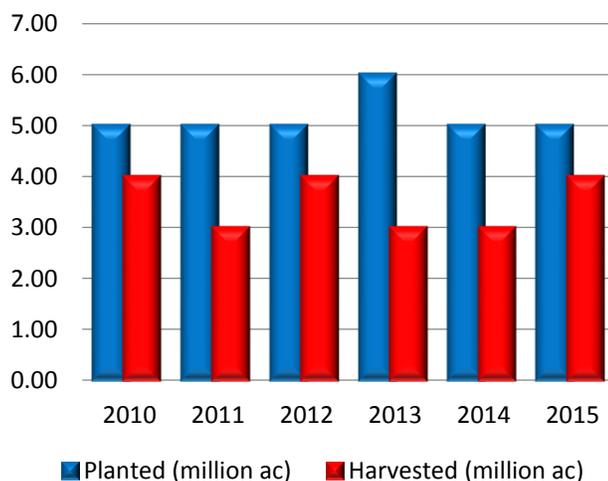

Data provided by Oklahoma and Texas operators are the foundation of the estimates made for the Southern Plains region. The Southern Plains Regional Field Office would like to thank all farmers and ranchers that responded to these surveys and provided data used to set these important estimates.

WINTER WHEAT

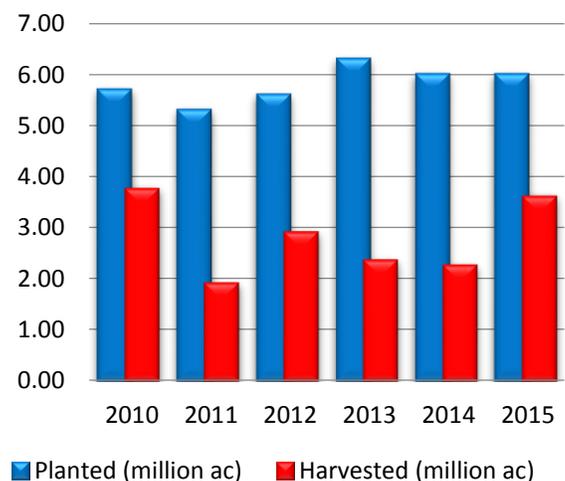

Oklahoma winter wheat planted, at 5.40 million acres, is up 2 percent from a year ago. Harvested acreage, at 3.70 million, is up 32 percent from last year's crop.

Texas winter wheat planted, at 6.00 million acres, is unchanged from a year ago. Harvested acreage, at 3.60 million, is up 60 percent from last year's crop.

Oklahoma

Texas

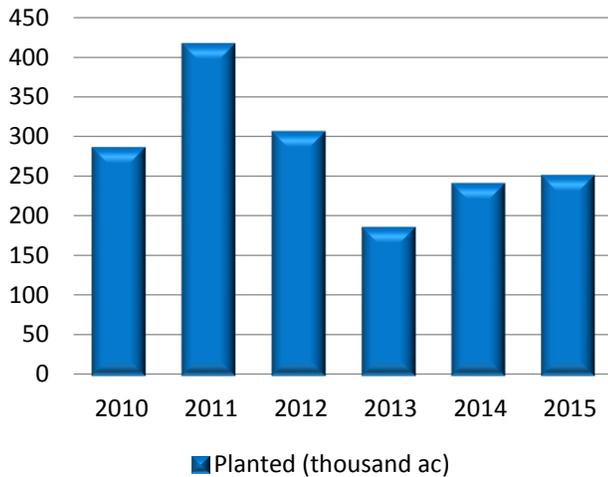

UPLAND COTTON

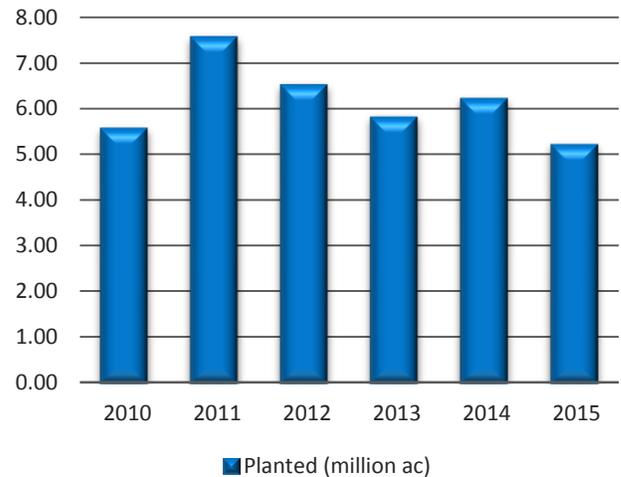

Oklahoma upland cotton is forecast at 250 thousand acres, up 4 percent from last year.

Texas upland cotton is forecast at 5.20 million acres, down 16 percent from last year. Planting of Pima cotton is expected to total 15 thousand acres, down 12 percent from 2014.

Oklahoma

Texas

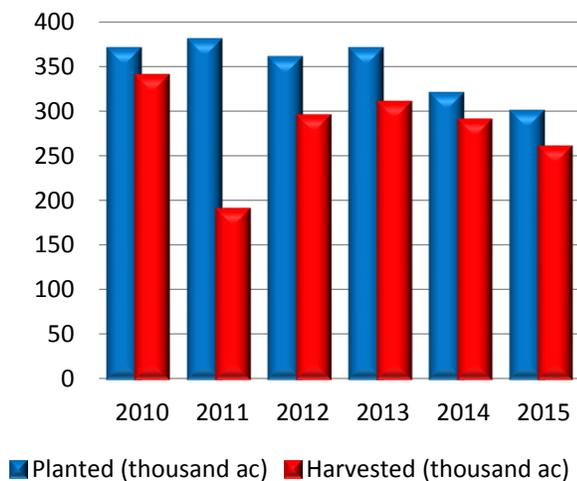

CORN

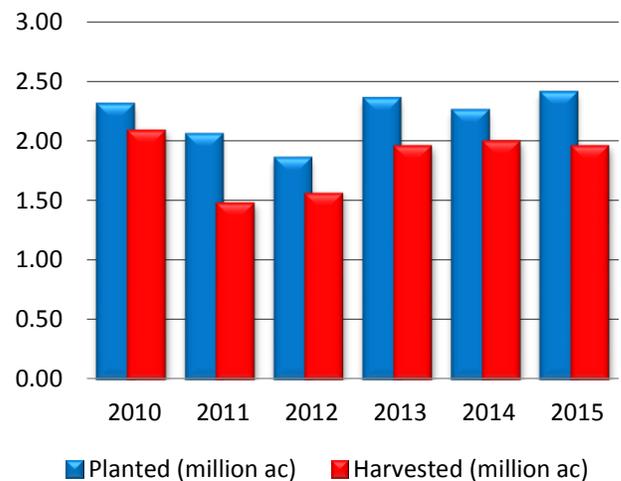

Oklahoma corn growers intend to plant 300 thousand acres of corn, down 6 percent from last year. Harvested acreage at 260 thousand acres is down 10 percent from last year.

Texas corn growers intend to plant 2.40 million acres of corn, up 7 percent from last year. Harvested acreage at 1.95 million acres is down 2 percent from last year.

Oklahoma

Texas

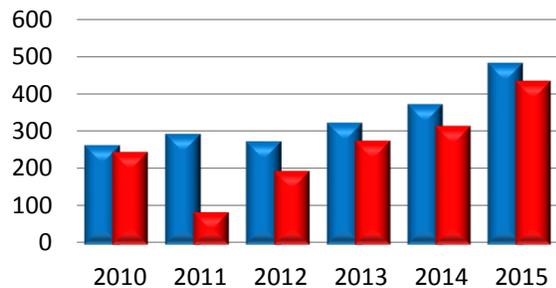

SORGHUM

Oklahoma sorghum producers intend to plant 480 thousand acres, up 30 percent from a year ago. Producers expect to harvest 430 thousand acres, up 39 percent from 2014.

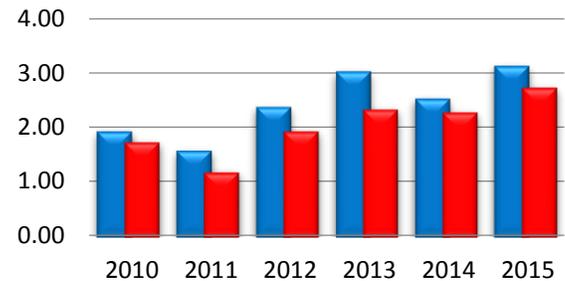

Texas sorghum producers intend to plant 3.10 million acres, up 24 percent from a year ago. Producers expect to harvest 2.70 million acres, up 20 percent from 2014.
