Cooperating with Wisconsin Department of Agriculture, Trade and Consumer Protection

February 24, 2023 – For Immediate Release

Media Contact: Greg Bussler

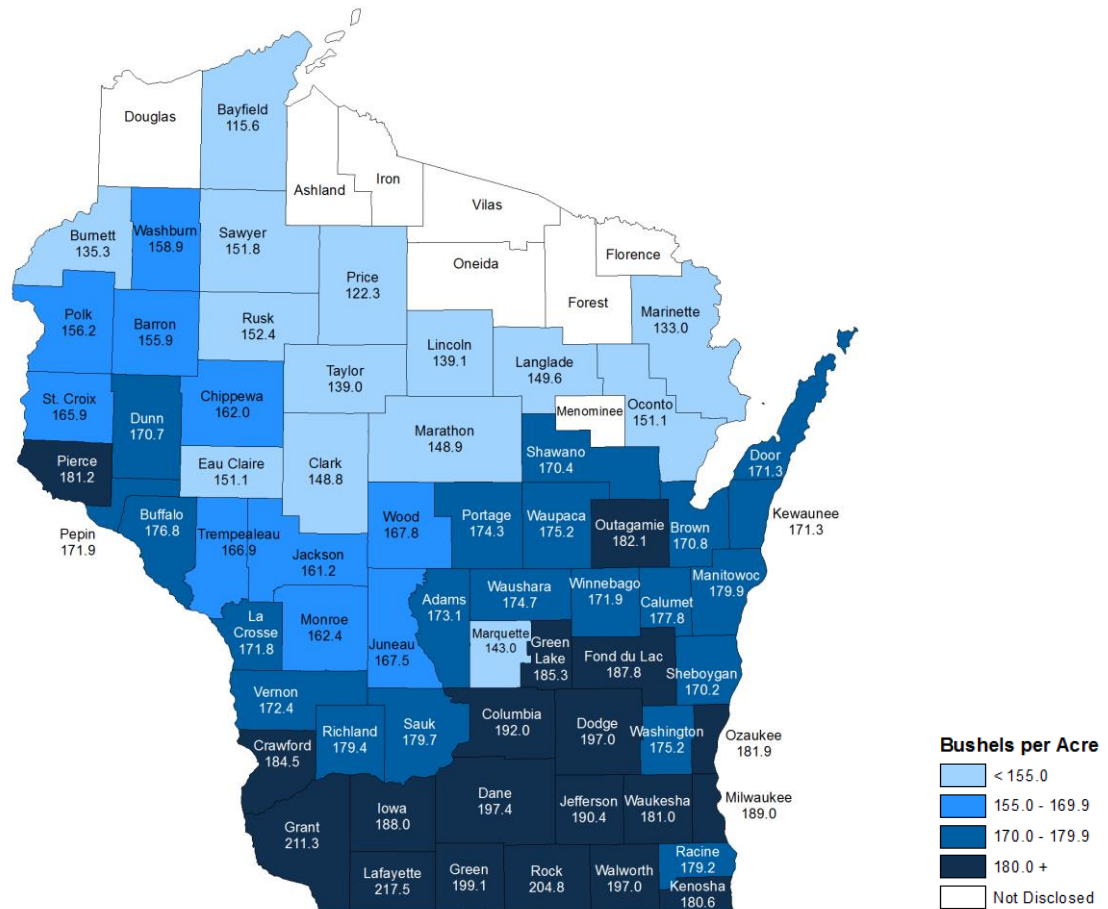

Dane County was the highest-ranking county for corn for grain production with 28.8 million bushels produced. Rock, Grant, Dodge, and Lafayette rounded out the top five. Columbia was the sixth county with production of more than 20 million bushels.

Lafayette led all counties with an average yield of 217.5 bushels per acre. Grant (211.3), Rock (204.8), Green (199.1), and Dane (197.4) counties rounded out the top five. Four other counties surpassed the 190 bushel mark in 2022, which included Dodge, Walworth, Columbia, and Jefferson.

Yields are calculated by dividing a county's production by its area harvested. Only published estimates were considered in rankings of counties.

## Corn for Grain Yield – Wisconsin: 2022

State Average: 180.0 Bushels per Acre
