Where can I get more statistics or economic analysis?

National Agricultural Statistics Service (NASS) publications include weekly, monthly, quarterly and annual estimates of production, stocks, inventories, disposition, utilization and prices of agricultural commodities and other items. The Census of Agriculture is published every five years covering all commodities by state, county and zip code. Other census reports include the Agricultural Atlas, Agricultural Economics & Land Ownership, Aquaculture, Census History, Congressional Tabulations, Farm & Ranch Irrigation, Horticulture Specialities and Outlying Areas.

Economic Research Service (ERS) Situation and Outlook Reports and periodicals analyze the current situation and forecast market conditions. ERS monographs offer economic analysis in the area of trade, production, rural development, farm inputs and other topics.

The World Agricultural Outlook Board (WAOB) issues regular forecasts of U.S. and world supply and demand prospects for major agricultural commodities.

How can I get National publications from NASS & ERS for all states?

ó **For Free E-mail Subscriptions** send a message to usda-reports@usda.mannlib.cornell.edu and type *lists* in the message.

ó **For a Free Catalog of Products and Services** call 1-800-999-6779.

The NASS and ERS catalogs list all products and services available from each agency. The NASS catalog includes a calendar of publication dates for agricultural statistics reports throughout the year.

How can I get State publications from NASS field offices?

ó **For Free E-mail Subscriptions** send a message to listserv@newsbox.usda.gov and in the body of the message (not the subject), type *subscribe usda-new-eng-all-reports* – other states are also available by typing *lists* in the body.

ó **For Paper Subscriptions** use the order form in this book; see 'New England Reports' for details. For other states, call 1-800-727-9540 for the other 44 field offices in states outside New England.
